Contribution of articles

The *Bulletin for International Taxation* welcomes original and previously unpublished contributions that examine important tax developments or issues of interest to an international readership of tax professionals, lawyers and scholars. Contributions should be of a practical nature and provide background, perspective and analysis, as well as a description of the tax development or issue.

Articles should demonstrate depth of research and will be evaluated based on impact/innovation, scientific analysis and methodology. Manuscripts should range from 5,000 to 12,000 words.

Submissions concerning a single jurisdiction will not be accepted, unless the submission demonstrates equal or similar application to other jurisdictions, or is of clear relevance to an international audience.
